

## **Important Notice Regarding the Coronavirus / COVID-19**

The health of our members and employees is of vital concern to SeaWest.

We are closely tracking the development of this disease and taking action to protect our members and employees. As a cooperative organization based on the philosophy of “People Helping People” SeaWest stands ready to commit whatever resources are needed to protect our community.

We have informed staff of best practices to prevent the spread of the Coronavirus. We are continually monitoring the Centers for Disease Control and Prevention (CDC) and updating our procedures as appropriate.

Currently all of our branches are open for business during normal business hours. We are regularly sanitizing our teller counters, ATMs, door handles and other areas where public traffic is heavy. There are multiple hand cleaner stations throughout our branches.

### **Stay Healthy and Use Mobile or Online Banking with SeaWest**

To help reduce the chance of contracting the Coronavirus we recommend members use our state-of-the-art mobile app or online banking products from the convenience of your home or office. With these 24/7 services, you can:

- Check your balance, history and more
- Deposit checks remotely
- Pay bills
- Transfer funds between accounts
- Send and receive money with friends, family, and others you trust with [Zelle®](#)

If you don't have the SeaWest mobile app, download it today.

Of course, you can call our toll-free number at 800-732-9378 (800-SEA-WEST) during normal business hours. We are always glad to help over the phone!

As you should know, unlike the stock market, funds on deposit at SeaWest are insured by the National Credit Union Administration. Your funds are safe with SeaWest.

### **Additional Resource for You to Stay Informed and Safe**

Visit the CDC website at [www.cdc.gov](http://www.cdc.gov). This is an excellent site to learn what you should know about the Coronavirus.

SeaWest is a member of the shared branch network with thousands of credit union branches and ATMs across the country that are free to use and may be local to you.

Go to [www.co-opfs.org](http://www.co-opfs.org) to locate one nearby and avoid the crowds.

Do not fall victim to scammers preying on the uninformed, older and vulnerable. If you have any questions about emails or phone calls you receive, please call SeaWest before giving out any personal information. We are here to help you!
